

Yellowridge Construction Ltd. has an opportunity for a Junior Construction Safety Officer / First Aid Attendant for the Our House of Clans project with Tsain-Ko Properties LP.

Yellowridge is a BC based Construction Company and has successfully operated since 1961. We specialize in General Contracting, Construction Management and Design-Build for industrial, commercial, and institutional projects throughout BC. We are built on a solid foundation of integrity, pride and expertise and are well respected within the industry.

SUMMARY OF THE ROLE:

The Junior CSO / First Aid Attendant will assist the Site Superintendent in implementing and monitoring the company health and safety policies and programs, while ensuring safe working procedures are followed by all site personnel. This is an entry-level position which does not require previous industry experience. This position is an opportunity to learn and develop a career in occupational health and safety, candidates must possess a genuine interest in learning safety within the construction industry.

KEY RESPONSIBILITIES:

- Conduct site inspections to identify workplace hazards and ensure compliance with the Worker's Compensation Act, Occupational Health and Safety Regulation and Yellowridge Policies
- Provide site health and safety training, indoctrination, and safety orientations to employees
- Perform light carpentry and labour tasks, and operate equipment as needed
- Conduct site inspections, identifying hazards and recommending corrective actions to supervisory personnel
- Participate in incident investigations and ensuing corrective action has been implemented
- Maintain health and safety records and statistics in accordance with WCB requirements
- Provide first aid to injured workers, within your scope of training
- Coordinate and attend on-site health and safety meetings

SPECIFIC EXPERIENCE AND SKILLS:

- Excellent communication abilities (both written and verbal)
- Excellent observation skills and reporting abilities
- Proven ability to multi-task and meet tight deadlines as required
- Physically capable of performing labour tasks
- Previous labour and/or carpentry skills considered an asset
- 2 years' experience in construction an asset

EDUCATION REQUIREMENTS*:

- Construction Safety Officer Training Program
- First Aid Level 2 or higher
- Fall Protection
- Forklift Operator Licenses, preferred
- Confined Space
- WHMIS 2015

**shishálh Nation applicants may be able to utilize annual educational funding through the shishálh Nation Education Department. Yellowridge is open to the possibility of adjusting the start date to allow the candidate sufficient time to complete the required training.*

Job Type: Full-time
