THE DUTIES & RESPONSIBILITIES

- Assist with concrete batching, placement, and general ready-mix operational activities.
- Support resource extraction and general mining-related tasks under supervision.
- Perform labour duties, including site clean-up, material handling, and operational support.
- Assist with outdoor work in various weather conditions and site environments.
- Support basic land surveying activities as directed.
- Participate in confined space awareness and related safe work practices, as applicable, under supervision.
- Assist with heavy lifting and physical labour in accordance with safe work procedures.
- Support the movement, organization, and handling of tools, materials, and equipment.
- Assist with driving-related duties, where appropriate and authorized.
- Support heavy equipment-related activities only under proper supervision and instruction.
- Follow all workplace safety procedures, and site-specific environmental requirements.
- Report hazards, unsafe conditions, equipment concerns, or incidents immediately.
- Maintain punctuality, reliability, and a strong commitment to assigned work schedules.
- Communicate respectfully and effectively with supervisors and co-workers.
- Adhere to anti-bullying and harassment policies and procedures in the workplace.
- Work collaboratively to foster a positive, respectful, and safe working environment.
- Perform any other duties assigned by the General Manager, Supervisor, or designate.
